

## TreeRing Corporation

PRESENTS THIS

# Certificate of Tree Planting

FOR THE 2016-2017 YEAR IN HONOR OF

# *Bushy Park Elementary*

TreeRing Corporation, in partnership with Trees for the Future, is proud to plant **85** trees in honor of your organization's yearbook purchases during the **2016-2017** year.

*This grove of trees is being planted by local families in countries devastated by deforestation and global climate change. These fast-growing, permanent trees protect fragile ecosystems and assure that families can continue to live in harmony with the natural resources of their lands. Each year these trees will replace many tons of pollution from the atmosphere with life giving oxygen.*

Thank you for joining our commitment to the environment and helping to ensure a healthy planet for our children's future.

Aaron Greco, CEO, Co-Founder
